Model: K-4357
Potable Water Battery Charger Kit

This product can not be modified without the written approval of Tronair, Inc. Any modifications done without written approval voids all warranties and releases Tronair, Inc., its suppliers, distributors, employees, or financial institutions from any liability from consequences that may occur. Only Tronair OEM replacement parts shall be used.

Kit K-4357 replaces the EC-1385 and EC-1595 Battery Chargers. The replacement of the battery charger should only be performed by certified and qualified electricians.

Instructions:

1. Ensure charger is unplugged
2. Disconnect the red and black terminals from the battery charger to the battery.
3. Remove the housing or cover from the currently installed battery charger.
4. Remove battery charger strap and battery charger from unit.
5. Place new battery charger on unit and match drill four holes for mounting.
6. Mount new charger on unit with hardware provided.
7. Attach red and black terminals from the newly installed battery charger to the battery.
8. Plug charger in and verify charger is working properly.
